

**HEATHER M. SNYDER, PH.D.**

**Senior Director, Medical & Scientific Operations  
Alzheimer's Association**

Heather M. Snyder, Ph.D., is Senior Director of Medical and Scientific Operations at the Alzheimer's Association. She manages the Association's International Research Grant Program, through which the Association funds research around the world. Snyder oversees the Association's relationship with the leading disease journal in clinical neurology, *Alzheimer's & Dementia: The Journal of the Alzheimer's Association*, and its two companion open access journals. She is responsible for implementing the Alzheimer's Association Women's Alzheimer's Research Initiative and leads the Association's efforts to understand the role of vascular factors in Alzheimer's and dementia.

Dr. Snyder received her Ph.D. from Loyola University Chicago Stritch School of Medicine, her bachelor's degree in Biology and Religious Studies from The University of Virginia, and completed her postdoctoral fellowship at Children's Memorial Research Center, affiliated with Northwestern University, in Chicago.

*The Alzheimer's Association is the leading voluntary health organization in Alzheimer's care, support and research. Our mission is to eliminate Alzheimer's disease through the advancement of research, to provide and enhance care and support for all affected, and to reduce the risk of dementia through the promotion of brain health. Our vision is a world without Alzheimer's disease. For more information, visit [www.alz.org](http://www.alz.org).*
